Working together to develop the skills

to make our schools great

"Coming together is a beginning; keeping together is progress; working together is success." - Henry Ford

This programme is aimed at Deputy and Assistant Headteachers who are looking to work collaboratively and reciprocally with Deputy and Assistant Headteacher colleagues from other schools, to support the journey towards developing both themselves as leaders and their own schools.

During the programme you will:

- ✓ explore 'great school' characteristics
- ✓ identify elements of strength and foci for further development for your school from the characteristics of great schools, supporting your improvement journey
- visit other schools, using peer review and evaluation to support great school development
- ✓ host a visit from Deputy Headteacher colleagues, enabling you to further develop your great school characteristics
- ✓ undoubtedly 'snoop and steal' great school and personal development ideas!
